

HERMANN AUST

Diploma Mechanical Engineer specialized in **Automotive Engineering** with experience in developing and testing software-based solutions for the testing of electronic systems in vehicles.

EDUCATION

Mechanical Engineering – Diploma *Grade: 2,1*
Specialization: **Automotive Engineering**

Technische Universität Dresden (10/2019 - 05/2025)

Diploma thesis:

Development of a data logger based on the HUAdapter Gen 2 for the evaluation of automated driving functions

General University Entrance Qualification (Abitur)

Romain-Rolland-Gymnasium Dresden (08/2010 - 05/2018)

PRACTICAL EXPERIENCE

Vehicle Integrator (02/2026 - present)

Bertrandt Ingenieurbüro GmbH

- Performing software and hardware upgrades on test vehicles and E/E systems
- Analysis, diagnosis, and resolution of faults in the vehicle network
- Commissioning and validation of vehicle functions
- Documentation of fault patterns and system states

Diploma Student (11/2024 - 05/2025)

FSD Fahrzeugsystemdaten GmbH

- Development of a data logger for the evaluation of automated driving functions
- Processing and analysis of GNSS and IMU data
- Implementation of evaluation algorithms in Python

Working Student (10/2021 - 11/2024)

FSD Fahrzeugsystemdaten GmbH

- Automation of CAN bus data analysis using Python
- Development of tools for vehicle measurement data analysis
- Implementation of ROS nodes for sensor integration in test vehicles

Research Internship (09/2023 - 04/2024)

Technische Universität Dresden

Topic: Conversion of a test bench for parallel aging of catalytic converters

Technical Internship (09/2022 - 03/2023)

FSD Fahrzeugsystemdaten GmbH

Topic: Analysis of standardized EOBD data for vehicle performance evaluation

Part-time Job (09/2018 - 08/2021)

Dr. Haspel & Partner Teststudio GmbH

- Conducting telephone surveys for market research

SKILLS

- **Python**
(pandas, threading, rospy, PyQt)
- **Cloud**
(Docker, AWS CloudWatch)
- **Testing**
(Selenium, Robot Framework)
- **Git**
(GitHub Actions, CI/CD)
- **BMW-Tools**
(EDIABAS Tool64, E-Sys, SWL-Cockpit, INPA, Zedis, SW-Hochregallager)
- **Vector Tools**
(CANalyzer, CANoe)
- **CAD**
(Fusion, SolidWorks, Catia V5)
- **Driver License**
(B, B1, E1)

LANGUAGES

- **German** Native
- **English** Business fluent
- **French** Basic knowledge

INTERESSEN

Sport: Marathon, Hyrox, Fitness, Cycling

Elektronics Personal electronics projects, 3D printing
